Sigma Theta Tau International Honor Society of Nursing®

Beta Mu Chapter is excited to announce its 2015 Research Grants

Research grants will be available in the following categories:

Research Conduct Grant ($2,000)

Purpose: The Research Conduct Grant is a competitive grant that is awarded to a Beta Mu Chapter member to support a new or in-progress research project. It recognizes projects that are of high quality and that will make a contribution to development of nursing knowledge.

Student Research Grants

PhD Doctoral Student Grant ($1,000)
DNP Doctoral Student Grant ($1,000)
Undergraduate Student Grant ($250)

Purpose: The three Student Research Grants are competitive grants that are available to Beta Mu Chapter members to support new or in-progress research projects. Each grant recognizes projects that are of high quality and that will make a contribution to development of nursing knowledge.

Knowledge Dissemination Grant ($1,100)

Purpose: The Knowledge Dissemination Grant is a competitive grant that is awarded to a Beta Mu Chapter member to support planned activities that will disseminate research findings to nurses, interdisciplinary healthcare colleagues, and/or the general public. Dissemination of research findings refers to a systematic effort that is directed toward making the essentials of completed research available to diverse audiences.

Community Partnerships Project Grant ($1,000)

Purpose: The Community Partnerships Project Grant is a competitive grant that is awarded to a Beta Mu Chapter member(s) to support a new or in-progress project that benefits partnerships between nurse scholars and community groups and/or organizations. Examples of scholarly projects include healthcare program development and evaluation, research utilization, and evidence-based practice.
