

The DNP Program of Study is the required curriculum for the specialty. The DNP program curriculum is sequenced to support students' academic trajectories. The program of study lists courses required for every semester. DNP courses are only available once a year. Therefore, it is imperative to follow the DNP Program of Study each semester when registering for classes. Students should meet with their faculty advisor minimally once a semester to review their program of study. The student's responsibility is to follow their DNP Program of Study and notify their faculty advisor to request changes to their DNP Program of Study. Changes to the DNP Program of Study will impact the projected graduation date and require approval by the faculty advisor.

Year – 1

Fall Semester

- Required Immersive Summer Experience (RISE)
- [NURS 609A Health Assessment \(3 units\)](#)

Spring Semester

- Clinical Immersion #1 (on-campus)
- [NURS 501 Advanced Physiology & Pathophysiology \(3 units\)](#)
- NURS 574 Pharmacology in Acute Care (1 unit)
- NURS 615 Diagnosis & Management of Chronic & Acute Illness (6 units) – **180 Clinical Hours**
- NURS 682 Cardiac Rhythm Analysis & Interventions (1 unit)

Summer Semester

- Clinical Immersion #2 (on-campus)
- [NURS 572 Advanced Pharmacotherapeutics for Nursing \(3 units\)](#)
